

The 1954

Note Book

Maryanne Wright

... 'tis education forms the common mind

THE NOTEBOOK

Dear Mag, (right behind the right hall ⑧)

Take it easy on that man this summer.
Don't forget to come back. If you
do we sure will miss you.

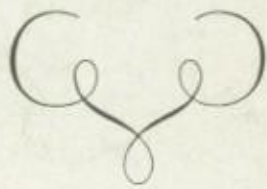

No more TIME sorry.

Ken Paebe
X

P.S Good Luck in
everything you do.

Margie -
we sure
have had fun
in Cairo &
I'm going to
miss your
good voice.
lots of
love
Kay Dink

Published by the
SENIOR CLASS
of
THE
OSHKOSH
HIGH SCHOOL

Hi May
I hope you
have a great
time this sum-
mer, it was a
lots of fun in
Sis Paul's room
no work, Ha-ha?
th. best of luck
next year.

Lernard
Vimulus
(2nd yr.)

Hi Marge
Have fun
this summer and
take it easy on the Feller.
Good Luck to a swell kid
Le Roy Wreck

It's been swell
knowing you and
here's hoping when
you go by our house
after this you'll
knock at the window!

Judy Blaeser

Hi Marge,
It's been swell
knowing you and
I hope you
get your in some
classes next year
loads of
love
Pat Molloy

Hi Marge,
Just was over
thinking you so much
that, hope we get to
come down together
next year. Hope you
can get to know you
better - your sister
a little girl -

The work of many hands
has made us what we are —
the hands of our parents, our
teachers, our friends. To them
we have extended our own
hands, pleading for understanding,
searching for wisdom, reaching
out toward wider horizons.

We are about to close a
chapter in our lives and to go
our several ways. But as we
return to this Notebook through
the years, it is our hope that
it will reach out like a warm
handclasp to greet us.

Hi Marge
It was how the boys
been treating you lately?
Take easy this summer
and a hope to see you next
year. Good Luck
Lester Nitzel

Hi Marge!
It's been fun
having you in South
hope to see you next year.
Good Luck.
Tom Phillips

Autographs . . .

Dearest Margie

It sure has been swell seeing you around in school the past year.

Margie, I will never forget all the good times we spent together. I really enjoyed every moment. In the future, Margie I all the luck in the world and also I hope that you succeed in every thing you set out to do. Good luck to a most wonderful girl.

Love Bob Phines

class of "
1954

Margie
I
saw fun this summer
and take it easy so
I see you next year.
I remember I love ya
lots.
Love Rickman

Dear Margorie,
swell having you
in school this year.
With your personality
and looks you'll go
far. Good Luck always.
Carolyn Schmidt

Dearest Margie,
 Good Luck in all you
 do in all the years to come.
 Betwixt now and next fall,
 have fun; get a good tan, and
 don't do anything that I would do.
 Remember an old "protozoan" tabe."
 Josie Richter

Hi Margie
 Hope you and behave
 the summer
 Here Wellesley

Hi Margie,
 I was nice having
 you in the choir after
 Charles at S.P.
 loads of luck in the
 future.
 L.O.S.
 Joyce

WE DEDICATE
 THIS NOTEBOOK
 TO
 RUSSELL ARGYLE EVANS
 in appreciation for his many
 years of service to our school
 as counsellor, teacher and friend.
 We wish him luck and happiness
 in the years to come.

()

"A teacher affects eternity; he never
 knows where his influence will stop."

Scout

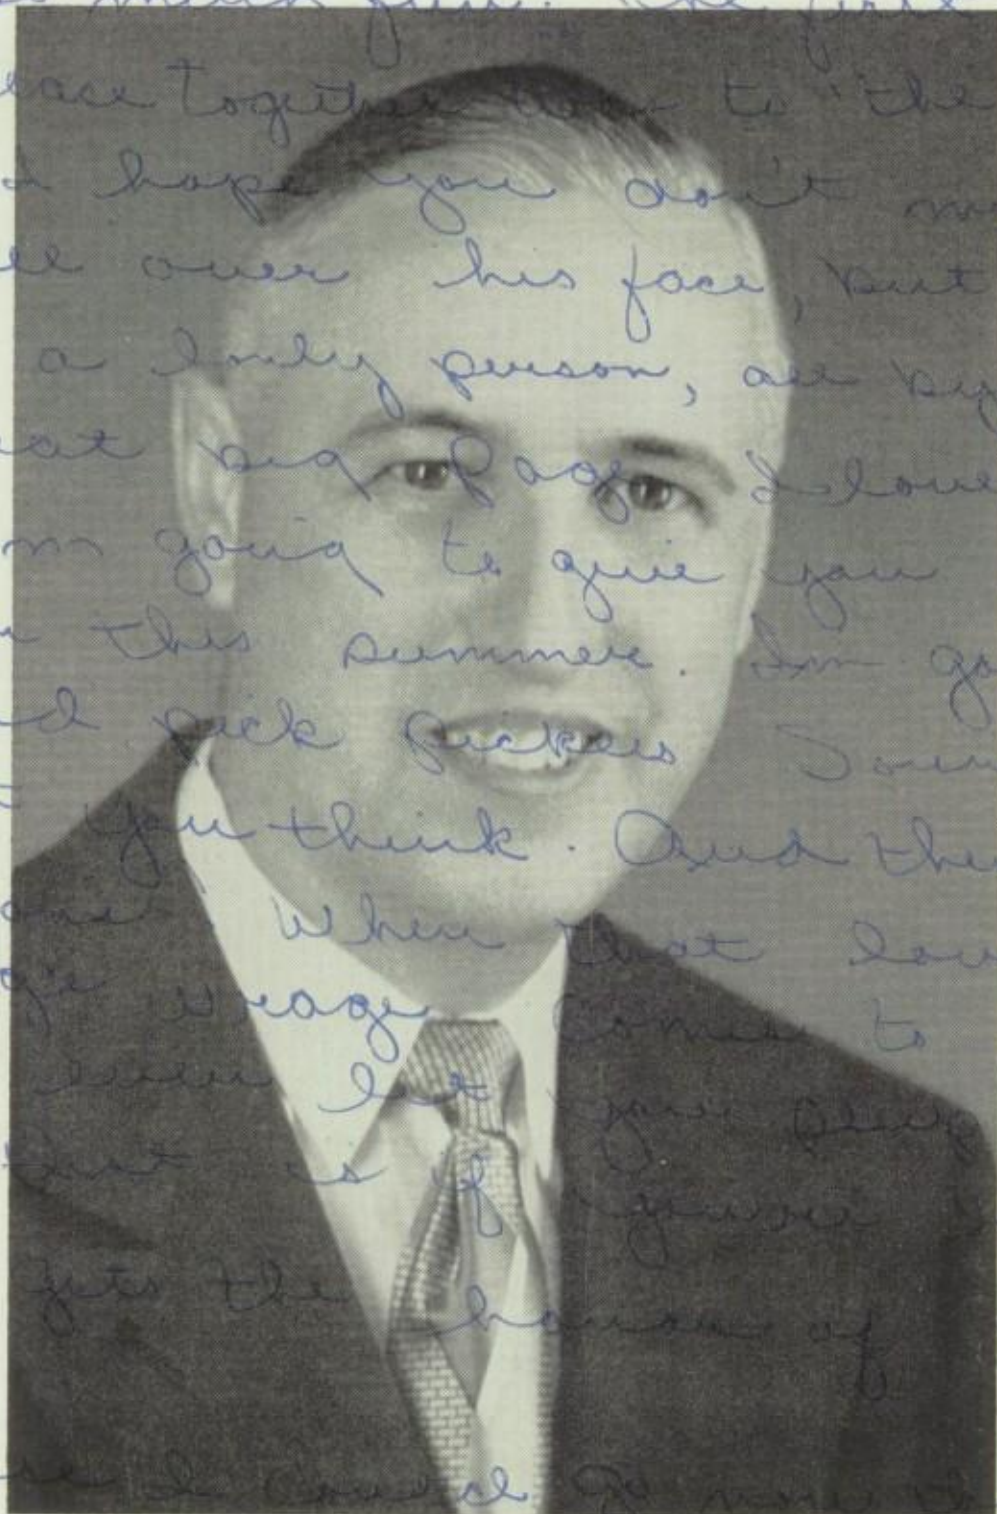

Hi Margie,
 Good luck to a real
 swell, cute kid! Behave
 yourself this summer
 and I'll see you next
 fall. We were had
 fun this year. I was
 real glad to meet you.
 Jane Zipparch

Hi Margie
 I hope I get in some of
 your classes next year
 and if I do I hope that
 they will be as much fun
 as the biology class was this
 year
 Dick & Sarah

Hi!
Just to make you wonder for awhile I'm
going to write back words! Hee, but we
really did our selves proud. We did so much
and had so much fun. The first time we
went any place together was to "the robe".

Hee, I hope you don't mind my
scribbling all over his face, but he looks
like such a lovely person, all by himself
on this great big stage. I love his smile!

Now I'm going to give you my busy
schedule for this summer. I'm going to
Mangos and pick fickers. Sounds interes-
ting, don't you think. And then I'll have
my vacation. When that lovely, laugh-
able Mango comes to visit me.
I might even let you sleep in the
haymow! + but as if you're lucky. Not
everyone gets the chance of sleeping in
our chaff.

I found the words of love that she
written all over Mrs. T. up there.

She be Perry Tipple soon. The
day we go to Vennah.

I just thought of something. Maybe
you can go to graduation with us. Call
me.

Bye,

Shirley

J. Evans

"A tall gentleman, by heaven, and a most gallant leader"

"He was wont to speak plain and to the purpose."

Russell Paulding

"There never was a good war or a bad peace."

"With thee conversing I forget all time."

Kenneth A. Hanson

"The remembrance of the past is the teacher of the future."

Esther Lilleson

"A wonderful discovery, psychoanalysis . . . makes quite simple people think they're complex."

Frances E. McGarry

Physical Education and Health

"Pleasure and action make the hours seem short."

Ronald O. Nord

"You are a gentleman and a gamester, sir."

Gretchen Siebert

"Those move easiest who have learned to dance."

Kenneth Potterton

"Let every man be master of his time."

Isabel Hogan R.N.

"The hand that soothes the fevered brow."

Lucille Cowling

"My words fly up; my thoughts remain below."

Irene Dwyer

"I have no superfluous leisure."

Mathematics

"Mathematics has reached the highest rung on the level of human thought."

Hugh Williams

"Intelligence is to genius as the whole is in proportion to its parts."

Arno H. Bade

"None but himself can be his parallel."

J. Merle Todd

"Mathematics is the science which uses easy words for hard ideas."

Homer S. Pratt

"I have ever confined myself to facts."

J. F. Mitchell

"Gentle of speech—beneficent of mind."

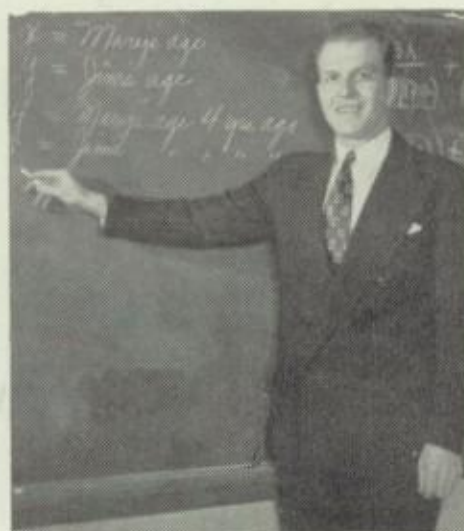

Eva Asmundsen

"Round numbers are always false."

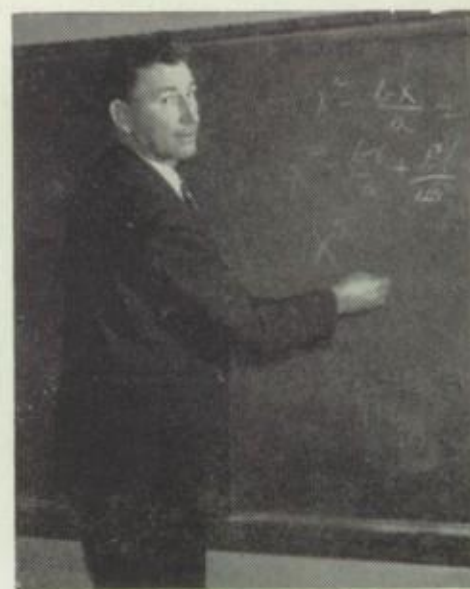

*Best wishing you
to a fine year
Eva Asmundsen*

Hanes J. Schumacher
"Heap high the golden corn!"

Gordon J. Foster
"Mathematics possesses not only truth but supreme beauty."

Edward H. Hall
"A mind equal to anything he puts it alongside of."

Catharine Goodlyn
"Joking decides great things; stronger and better, oft, than earnest can."

Dorothy Rollinson
"That is a good book which is opened with expectation and closed with profit."

Elizabeth B. Kourad
"If she will do't, she will, and there's an end on't."

Libraries

"A great library contains the diary of the human race."

E. A. Schultz

"I value science—none can prize it more."

G. J. Steffenson

"I was always a lover of self-winged things."

I enjoyed having you here. Love, G. J. Steffenson

"O powerful bacillus, With wonder you do fill us!"

M. R. Hymer

"Where ignorance is bliss, 'tis folly to be wise."

D. W. Johnson

"Busy as a bee."

Edna F. Kratoch

"This is the thing that I was born to do."

E. Schneider

"True science teaches above all to doubt and to be ignorant."

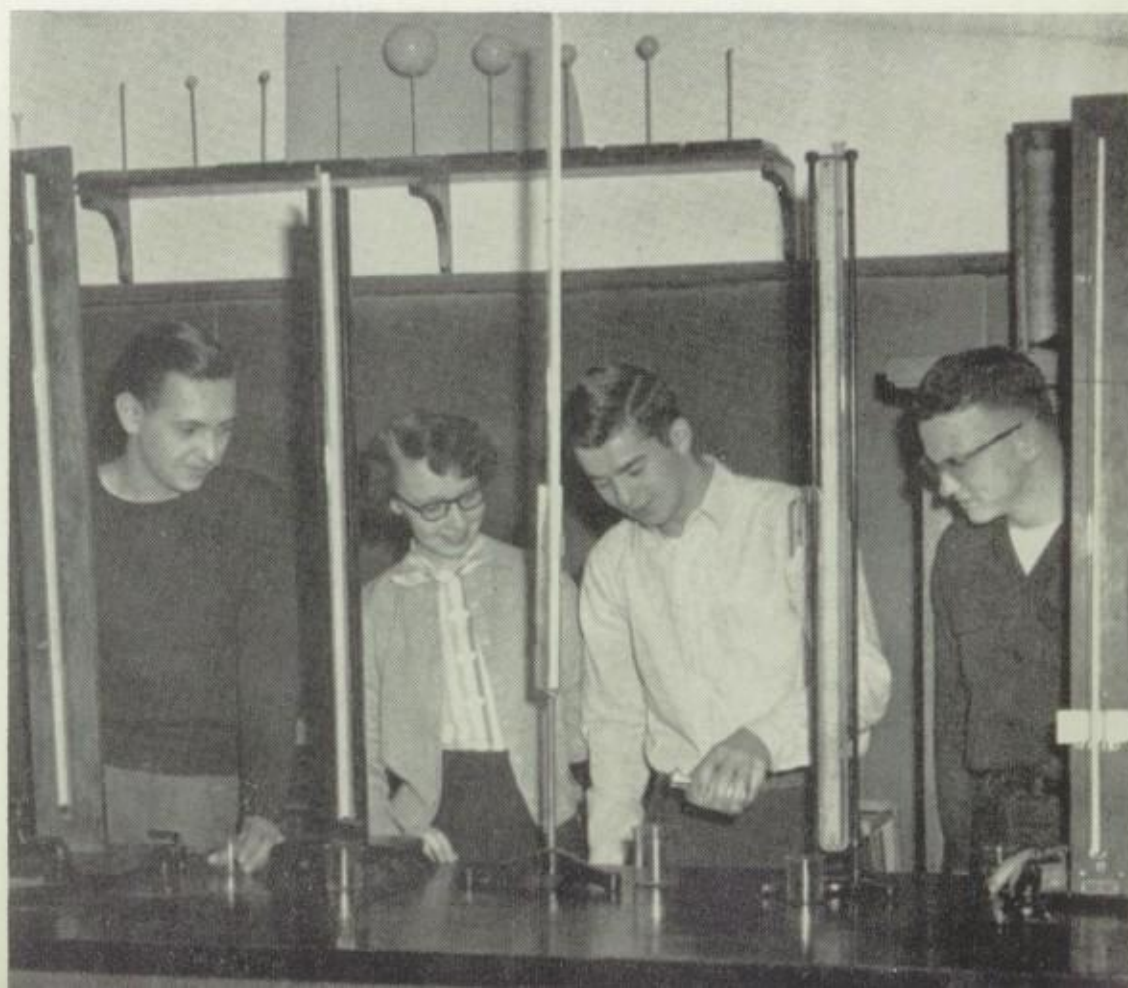

Harlan G. Grandt

"That face of his I do remember well."

Ruth V. Sedwell

"Science, when well digested, is nothing but good sense and reason."

Industrial and Fine Arts

"Speak, what trade art thou?"

"A noble company; what are their pleasures?"

Left to right: Roesler, Maliszewski, Baier, Pratsch, Bauer, Youngwirth, Gehling, Reifer, Langley

Geri Shields

"So vast is art; so narrow human wit!"

Karl A. Collier

"I observed sundry
sorts of carved works."

"... and drawing
abide if you draw
not too fast."

L. O. Kiehlberg

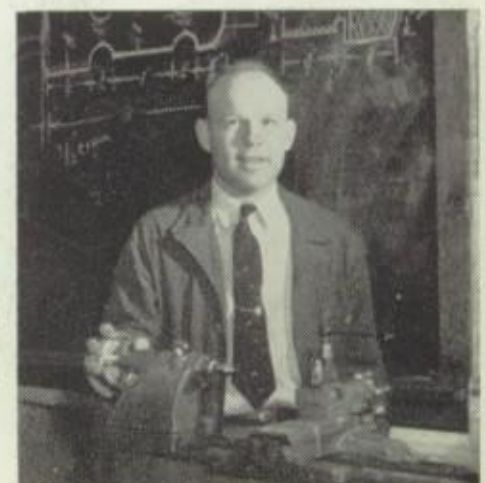

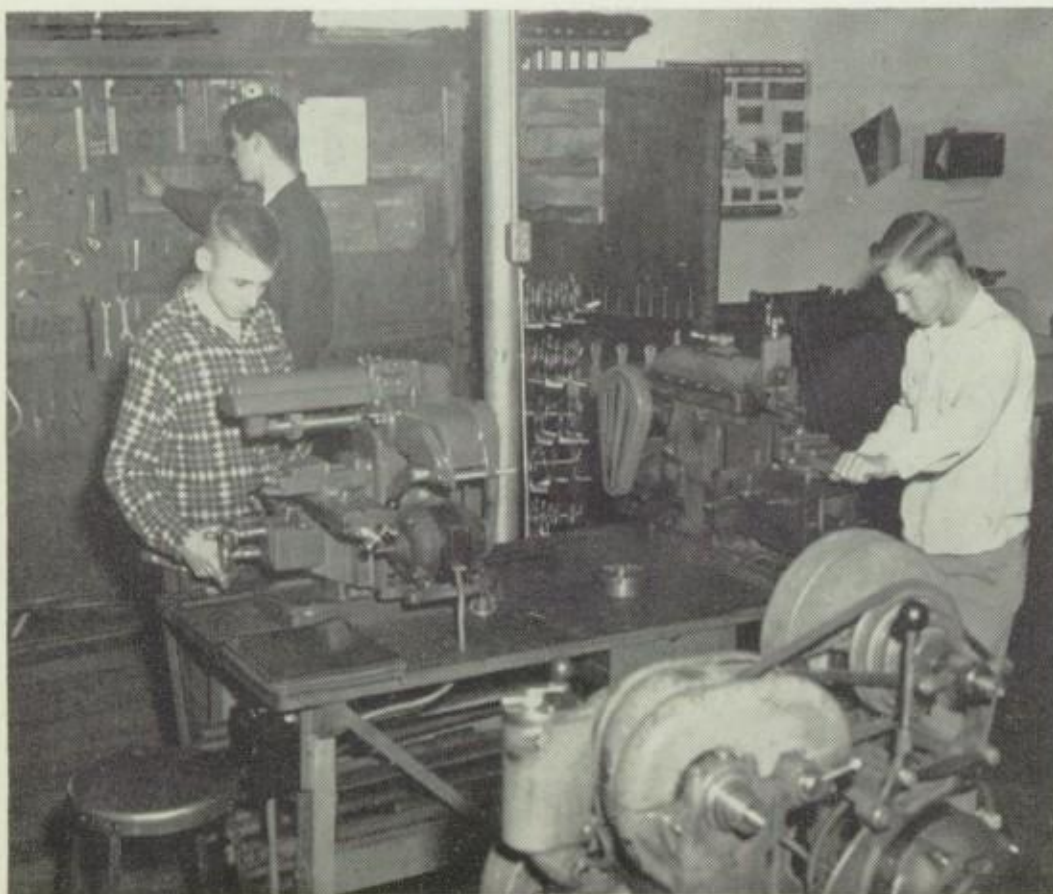

"He talks of wood;
it is some carpenter."

Karl Collier

"Your vision is
machines for making
more machines."

Arthur J. Boyd

"In this world
a man must be
either anvil
or hammer."

Sharon Voss — Heading for heap big powwow.

Juniors

Row 1: Hammack, Gregory, Harrison, Golliher, Hansen, Langkau, Mologousis, Graper, Henke, Gereau, Grable, Griffey, Grota, Hanne

Row 2: Engelke, Guetschow, Robl, Gruse, Garbe, Fryfogle, Granberg, Eysers, Grill, Felker, Hammerseng

Row 3: Frey, Eppley, Grosnick, Geer, Groff, Harrand, Genal, Harrison, Frank, Gams, Haynes,

Row 4: Freiberg, Hawley, Guenther, Fiedler, Giessler, Haebig, Gehrke, Hammersing, Halling

Row 5: Goheen, Gabert, Griswold, Gauger, Grill, Gates, Harrington, Haverty

Row 6: Gabrielson, Fisher, Faust, Gunderson, Grunske, Garrison

"WE MAY PITY THOUGH NOT PARDON THEE!"

Top: Hank Gabbert, Helene Winkler, Mike Kriz — Top hat, White tie, and tails.

Maxine Wood and Lois Luebke
"I scream for ice cream."

Lois Luck — Dig that crazy snow!

C. Liebenson, M. Magnussen, J. Watson, G. Geer, N. Pazen — Heads, you win.

Bottom: Helene Winkler, Gloria Pfeil — Oh, my aching back!

M. Magnussen, C. Brown, J. Stelzner, J. Denhle, J. Epply, J. Kratsch, E. Spink, S. Linke, J. Wussow, J. Frazier, M. Borman — Loafin' on the levee.

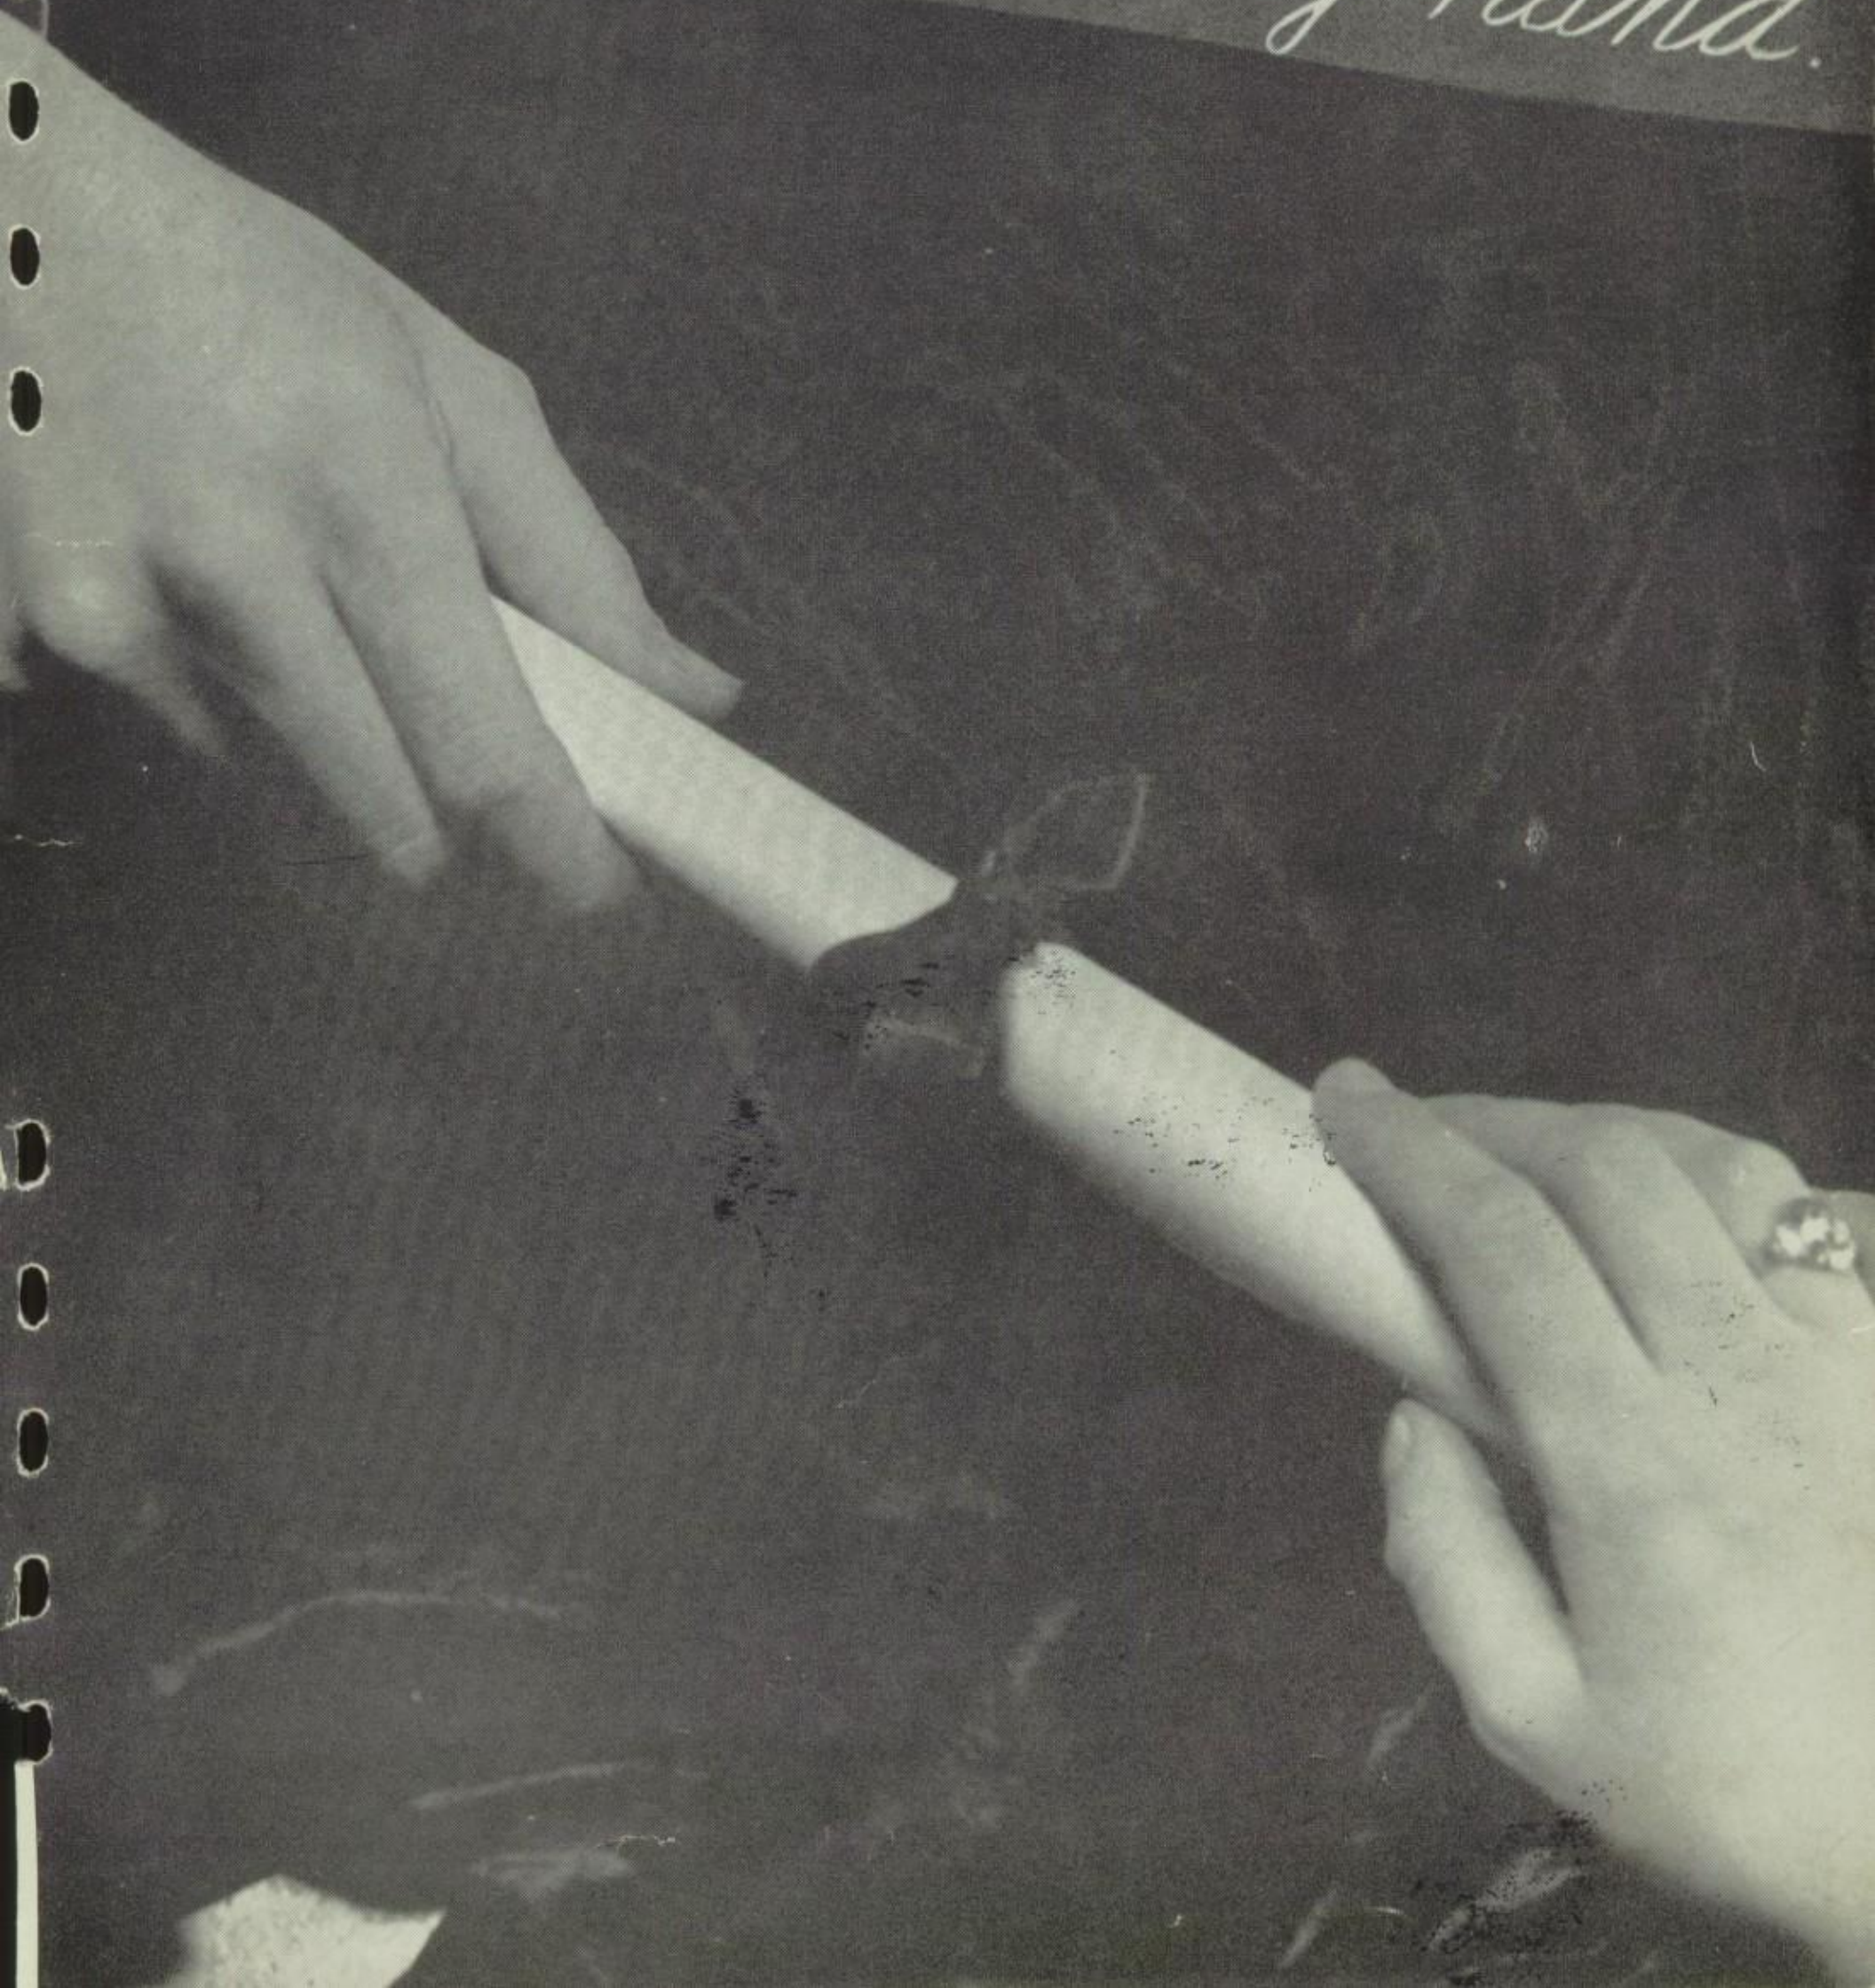

Don Meerdink — Here comes the navy!

Hi Margie!

I'm so glad I got to know you this year. We had fun at the Youth Conference didn't we? Good Luck in your junior year! See you next fall.
Doris Richel

Let's give 'em
a great big hand.

"We are such stuff as dreams are made on."

*Summer 1953

Senior

STEVEN RADKE "Steve"

"Full of fun, big and tall, winning laurels in basketball."

Although Steve is best known for basketball, he also won letters in football and baseball. Though he won't admit it, he's a pretty intelligent guy, as is evident by his membership in O'Neil, and his marks are always right up there. He goes along with some other basketball players and says that his favorite food is oranges. He also drinks a lot of pop and spends what spare time he has watching T.V. He's not sure which college he'll be going to, but he says he'd like to study accounting.

MARY KONRAD

"It's nice to be natural when you're naturally nice."

Editor of the NOTEBOOK, delegate to Badger Girls' State, leader in many school activities, Mary rates as one of the outstanding seniors. Also, her membership in O'Neil and her honor roll marks all through the years show that scholastically she was anything but a "loafer". Mary doesn't have one particular hobby but likes to take pictures, read, and watch T.V. Her favorite food is dumplings, "the kind you find in soup." She plans to be either a teacher or an occupational therapist.

HARRY MEYER

"The best success we can wish him is that his future may be as brilliant as his past."

Although Harry didn't get an "Oscar", we certainly feel that he deserved one for his outstanding work in "Twilight Walk" and as the narrator on the school's first record, "You Were There". An active member of Masque Club, he also had a leading role in "Glamor Boy". Harry took part in many other activities besides being manager of the football, basketball, and track teams. He was chosen class speaker, elected to O'Neil, and went to Badger Boys' State. He doesn't have any favorite food — he just eats, and sports take up his spare time. His ambition is law and he wants to be a corporation lawyer.

GARY WEGNER

"A pleasing lad with curly hair, with many friends and smile to spare."

Student Council just wouldn't have been the same without Gary there to help out on all the committees. He was really active in many clubs and organizations, he was a junior class officer, and he is a member of O'Neil. Gary names kumquats as his favorite food and says loafing is his favorite pastime, although he doesn't get to do much of it. He plans to go to college and become an accountant.

MARGARET WITTE "Maggie"

"Full of pep, free from care, if there's fun on board — she's there!"

Maggie is pretty talented when it comes to music — she sings, plays the piano, and plays in the orchestra. In addition, she is very active in many phases of school life. Scholastically, she is one of the best and, of course, is a member of O'Neil. As you'd expect, her hobby is music and her favorite relaxation is playing the piano. Her favorite food is schaum torte. She's not just sure what she wants to do for a living, but is torn between being a librarian and a music teacher.

CAROL HOLMES

"A little wit, a little fun. she has a smile for everyone."

You might call Carol the "girl with the Ipana smile." Without it, I doubt if one would recognize her. She was elected secretary of the senior class and the May Queen's Maid of Honor. She was active in Student Council, was chosen class speaker, and got loads of other honors. Carol was really a "worker". Her hobby and favorite pastime is swimming. Her favorite food, she "guesses", is butter pecan ice cream. She'd like to go to college and maybe become an elementary school teacher.

Stars

JEAN FOGTMAN "Putsy"

"She's a singer, athlete, and cheerleader, too. Is there anything that Putsy can't do?"

It would be hard not to know who Putsy is, especially since, for the last two years, she has led the cheers at all the pep meetings and games. But no one who was in the Rec. gym the night of April 30 will forget her entrance as Queen of the May. Sports is one of Jean's big hobbies, but, since she is a member of O'Neil, she *must* spend *some* time studying! Her favorite food is, as she puts it, "anything edible".

SUSAN STRATZ "Sue"

"The harder I try the gooder to be, the worser I am."

Although Sue has participated in a lot of activities, the "biggest thrill of her life" came when she was elected Homecoming Queen. Whenever you see Sue, she's grinning because she always "has to laugh." She spends a good share of her outside time in sports. Her favorite food is meat—especially steak. She wants to become a Navy nurse some day.

JAMES FUHS "Jim"

"In the firmament of school activities, he shines as one of the brighter stars."

Being president of the Student Council is a big job, but Jim handled it well. He's well known to all of us as the lad who introduced the assembly speakers. Jim's been active in many other ways and he's a member of O'Neil. He was the man behind the catcher's mask on the baseball team and really helped win those games. He's not just sure what his hobby is, but he lists pineapple up-side-down cake as his favorite food. He wants to study pharmacy.

ROGER PENZENSTADLER "Pens"

"I'd rather bug a basketball than anything else — well, almost anything else!"

Besides being a terrific basketball player, Rog is a pretty outstanding guy all the way around. He can write, as you know, if you read STUDENT PRINTS or the sports columns of the INDEX. And, of course, he was senior class president and really made us proud of him. As you may have guessed, Rog's hobby is sports. He likes to eat hamburgers when he makes them himself. He says he wants to become a coach or a Phy. Ed. teacher.

MARY WAGNER

"Generally speaking, Mary is — generally speaking."

Student Council, O'Neil, club activities, and Youth Council take up about all the spare time Mary has. She likes to make friends and enjoyed going to Badger Girls' State as well as state and national Student Council and Youth Council conventions. Her favorite food is the apple strudel her mother makes, but she informs us that she likes to cook and make fancy desserts. She wants to go into nursing and thinks she might be a psychiatric nurse.

JOHN HOUGH "Jack"

"Whate're he touches his pen to, turns into a work of art."

Jack really knows how to sling those words around. He was editor of both the INDEX and STUDENT PRINTS and is a versatile writer. Extra-curricular activities took up a lot of his time. He was president of the Youth Council, a big job, and a member of O'Neil. Jack's favorite food is steak which he'd just as soon have three times a day. Among his hobbies, sports ranks very high. He loves to argue and is interested in politics — all of which explains his ambition, to study law.

Hi Margie,
 I had a time
 when I wanted to talk
 to you. Have fun this
 summer and don't do any-
 thing. I wouldn't do.
 Love, Scherpenisse

Dear Margie,

It's been loads of fun
having you in algebra class.
Have a good summer, and
may all your dreams come
true. God Bless you.

D. S. Take it easy on all the boys.

"A pretty girl is like a melody" . . . procession begins . . . the Queen is crowned . . . entertainment . . . dancing . . .

Alpha Kappa sponsors that traditional ceremony, the crowning of the May Queen, and to be Queen of the May, or a member of her court of honor, is the dream of every senior girl. Other Alpha Kappa activities include an annual bake sale, a homecoming float, and an initiation party. One program is usually given over to a panel of four boys who answer the members' questions on dating. To become eligible for membership, a girl must attain a B average and must pledge herself to uphold the standards and traditions of the club.

Art Club

"One may do whate're one likes in art"

Faces smeared with a rainbow of colors . . . mobiles swaying gently in the breeze . . . future Rembrandts daubing on an operetta canvas or the backdrop for a class play . . . Art Club keeps busy with a variety of interests from September to June.

The first semester is climaxed by the art show which is held in December; while during the second term, the members work hard preparing exhibits for the show-case display which is unveiled during the last weeks of school. In addition to all this, the club is frequently entertained by advanced art students from colleges throughout the state.

McCarthyism . . . teen-age driving . . . Bricker amendment . . . politics . . . argument and more argument . . . The purpose of Debate Club is to give to students who are interested a chance to participate in the discussion of current events and of questions pertinent to teen-agers. Members not only hold such discussions at their own meetings but they also put on debate programs for other clubs.

F. B. L. A.

"The future is not in the hands of fate, but in ours."

Character . . . confidence . . . leadership . . . these are some of the goals of the Future Business Leaders of America.

This season F.B.L.A. had something special scheduled for every month of the school year beginning with the formal initiation of 100 new members and the impressive installation of officers. From then on, the calendar was crowded. During December, the members were busy selling Christmas cards and planning their annual Christmas party. The Gregg honor pins were awarded in February, and all through the year the programs featured movies or talks by outstanding members of the community. Yes, F.B.L.A. offers real training for leadership.

Future Farmers of America

"... farmers are ... the founders of human civilization."

Till the soil . . . plant the seed . . . cultivate the plant . . . harvest the crop . . . Future Farmers of America is a club for boys who are interested in agriculture and membership is required of all who are taking that course.

Club activities are many. A farm safety program and a rural school judging contest are held sometime during the year. A parent-son banquet, a camping trip, and a corn show are annual events, as is the initiation of green hands. Besides its many activities, F.F.A. has its own basketball team which, this year, proved to be a championship one. The highlight of the entire year, of course, is the annual spring trip to the international livestock shown in Chicago.

Future Teachers of America

"What greater gift can we offer the Republic than to instruct its youth?"

Readin' . . . ritin' . . . 'rithmetic . . . Future Teachers of America is perhaps the newest club at O.H.S. It is one of several such groups in the state sponsored by the Wisconsin Education Association. The purpose of the club is to recruit good students into the teaching field and to acquaint them with the opportunities in the profession.

Organization was the chief concern of the members this year, organization which included drawing up the constitution, signing the charter, and the installation of officers. On several occasions the group was invited to attend the programs of the F.T.A. chapter at Oshkosh State College.

G. A. A.

"By sports like these are all their cares beguiled."

Reds vs grays . . . playing Tarzan on the ropes . . . splash!! . . .

The Girls' Athletic Association offers a wide choice of activities to everyone who is interested in sports. Swimming begins almost immediately in September and continues until about the middle of May, but other sports change with the changing seasons. Volleyball, bowling, basketball, badminton, tennis, golf, and many others are offered in turn right through the school year.

G.A.A. awards are based on a point system. The maximum number of points for participation in a team activity is 100 with an additional 100, 75, and 50 points going to the members of the teams which place 1st, 2nd, and 3rd. About 5 points an hour are allowed for individual outside sports. 500 points must be earned to qualify for a letter and 500 more are required before a member is entitled to a chevron.

Izaak Walton

"One touch
of nature
makes the
whole
world kin."

Fishing on lakes and streams . . . hunting in woods and fields . . . camping in the great outdoors . . . that's Izaak Walton, the outdoor hobby club so popular with O.H.S. sports enthusiasts. To impress upon the fellows the great fun that is awaiting them, the club includes such activities as fly-tying, conservation, camping, shooting, hunting, and fishing. Occasionally during the year, an outside speaker is called in to acquaint the boys with the various aspects of some particular hobby. This year Mr. Brobst, a fishery biologist, Mr. Horner, a game biologist, and Mr. Rothenbach, a dog trainer, gave interesting inside information about the work in their respective fields.

Masque

"There's no business like show business."

Try-outs . . . casting . . . rehearsals . . . curtain! . . . orchids to the actors. Do you like to act? Paint? Pound nails? Whatever your hobby, if you're interested in dramatics, then Masque is the club for you. Generally the meetings of both groups consist of one-act plays, holiday parties, pantomimes, or pre-views of the two major productions.

Junior Masque members labor industriously throughout the year piling up enough points to make them eligible for membership in the senior group. They usher for the school plays and the Community Players and work hard at the less glamorous jobs on anything and everything concerned with things dramatic.

Each year the club awards pins to those members who are voted the most active and the most deserving.

me a buzz.
Carol
Masecke

Touchdowns . . . free throws . . . base hits . . . hole-in-one . . . perfect strike . . . these are just a few of the activities of M.I.A.A., the brand new boys' intramural sports club. With the purpose of encouraging a more active participation in intramural sports, the club has proved a successful venture and already boasts a membership of 102. Touch football, tennis, golf, tumbling, volleyball, basketball, ping-pong, bowling, wrestling, and anything else which appeals to the members will be given an extra boost by this club. As

an added incentive for participation in these sports, M.I.A.A. emblems are awarded on a point system to those who take an active part. For all senior emblem winners, an added treat is provided. Sometime during the year, the boys take a trip to some place of their own choosing. This year it was a fun-packed excursion to Milwaukee to watch the famous Harlem Globetrotters. For their fine record of achievement in a single year, hats off to M.I.A.A.!

Onawah

"Literary friendship is a sympathy of feeling."

Shakespearian quotes . . . essays unlimited . . . cultivating the classics . . . Onawah, the oldest organization in school, attracts girls with musical and literary interests. Every club tries to do something useful for our school and Onawah's contribution is in the field of literature. Each year the girls select a good book which they purchase with club funds and present to the school library. They also conduct a Junior essay contest and the winner receives an appropriate award on Junior awards day.

Oshkosh Historical Society

"... and read their history in a nation's eyes."

Musty manuscripts . . . Indian relics . . . "old" Oshkosh . . . The Oshkosh Historical Society, formerly called the Junior Historical Society, was created to stimulate an interest in the history of our city, our county, and our state. Members are divided into study groups which are concerned with local and state problems. Club programs were highlighted this year by Mr. Earl Clemans who showed slides on the historical background of the Fox River Valley.

SLIDE RULE STUDY GROUPS

Regalis Ordo Romuli

"The noblest Romans of them all."

Amo, amas, amat . . . white togas . . . grape juice "wine" . . . banquet night . . . Latin Club is an organization whose members are interested in the Latin language as well as in the manners and customs of the Romans, the people who spoke that language. At club meetings, the Roman theme is always apparent; Roman games are played, Roman customs are illustrated, and a Roman style show is presented sometime during the course of the year.

Two of the most popular highlights of the club's activities are the Circus which is presented during the fall and the banquet in March. For senior members, of course, the big moment of the year is the trip to Delphi at the last meeting.

Theta Epsilon

"She is pretty to talk with and witty to talk with."

Swishing mums . . . faded overalls . . . homecoming excitement . . . teacups carefully balanced . . . introducing Mom . . .

Theta Epsilon was originally a girls' debating society, but times have changed and so have the club goals. Now the group emphasis is on the development of social graces and leadership qualities. The important events on Theta Ep's calendar are the crowning of the Homecoming Queen, the Mother's Day tea, and the presentation of a pin to the outstanding girl in the senior class.

Student Council

"The egg of democracy."

"Order, order!" . . . "A motion is before the house" . . . "Any further discussion?" . . . "Mr. President, I . . ."

This is what you are apt to hear if you sit in on a meeting of Student Council, the school government body composed of representatives from each home room. The Council sponsors the all-school dances, the assembly programs, and the annual magazine drive. The profits from this year's campaign will bring a student from our adopted school, Bundesreal-Gymnasium in Vienna, to O.H.S. for the next school year. Another big venture this year was the adoption of a Korean War Orphan, Kim-Shan-Hwa. The group agreed to send \$180 to pay for her schooling for another year.

O'Neil Honor Society

"Great souls by instinct to each other turn."

Sixteen points . . . an eagerness to serve . . . leaders all . . . Membership in O'Neil constitutes the highest honor in the gift of the school and students are elected to it by a faculty committee. To qualify, a candidate must have an outstanding record of scholarship, leadership, and service to the school.

Because all of its members are extremely active in school life, O'Neil has no regular program of activities, but it does plan and carry through the annual elections for class officers.

1953 Football Season

VARSITY

- 1: Ludwig, Kintopf, Peters, Swanson, Jones, Radke, Gauger, Vandenberg, Meyers, Harnitz, Sheveland
- 2: Schumerth, Ader, Cook, Diedrich, LeBeck, Krause, Kassube, Christensen, Teteak, Ceelen, Neubauer, Grill
- 3: Meyer, Celichowski, Berrell, Dolan, Jensen, Horejs, Karow, Koplitz, Laatsch, Krueger, Miller, Radford
- 4: Pollnow, LaRose, Price, Thompson, Hoffman, Perkins, Peppler, Berger, Kronzer, Hammersang, Wruck, Hoeft

"Hold that line", "Hit that man". Phrases like these are tucked away in the book of memories and along with them, should go a few comments about the 1953 football season at O.H.S. The overall record of wins and losses was one-half game better, by virtue of a tie with Sheboygan Central, than the 1952 season. However, the entire story can't be read by just looking at the records of a team.

This year Oshkosh opened its season against the ever-powerful Marinette Mariners. Lacking confidence and game experience, the Indians were forced to bow to the Marines by the score of 21-0. The next game, with Appleton, was rated as just about a toss-up by everyone. However, the sportsman's old nemesis, lack of confidence, wasn't reckoned with and as a result Oshkosh was tripped up within the first two minutes of play 7-0. The following week the Indians went north to seek a win at the expense of Green Bay East. This wasn't the week, though, as Oshkosh was defeated, 29-7.

The next week was "the week", however, and the Indians took full advantage of it to annex their first win at the expense of Sheboygan North, 14-0. The following game was played at Manitowoc under the most weird physical conditions possible. During the entire contest, the field was covered with a thick blanket of fog. The players drifted in and out of sight like phantoms in a dream. At times visibility was reduced to about twenty yards. And to top off the "queer" night, Oshkosh lost as a result of a blocked point-after-touchdown, 7-6. The next week was Homecoming, and the opposition was the "terror" of the Fox River Valley, Green Bay West. Although the fans weren't treated to a win, they did see some excellent football played by both teams, contrary to the final score which was 49-0, Green Bay West. The following game provided the margin of improvement in the won and lost

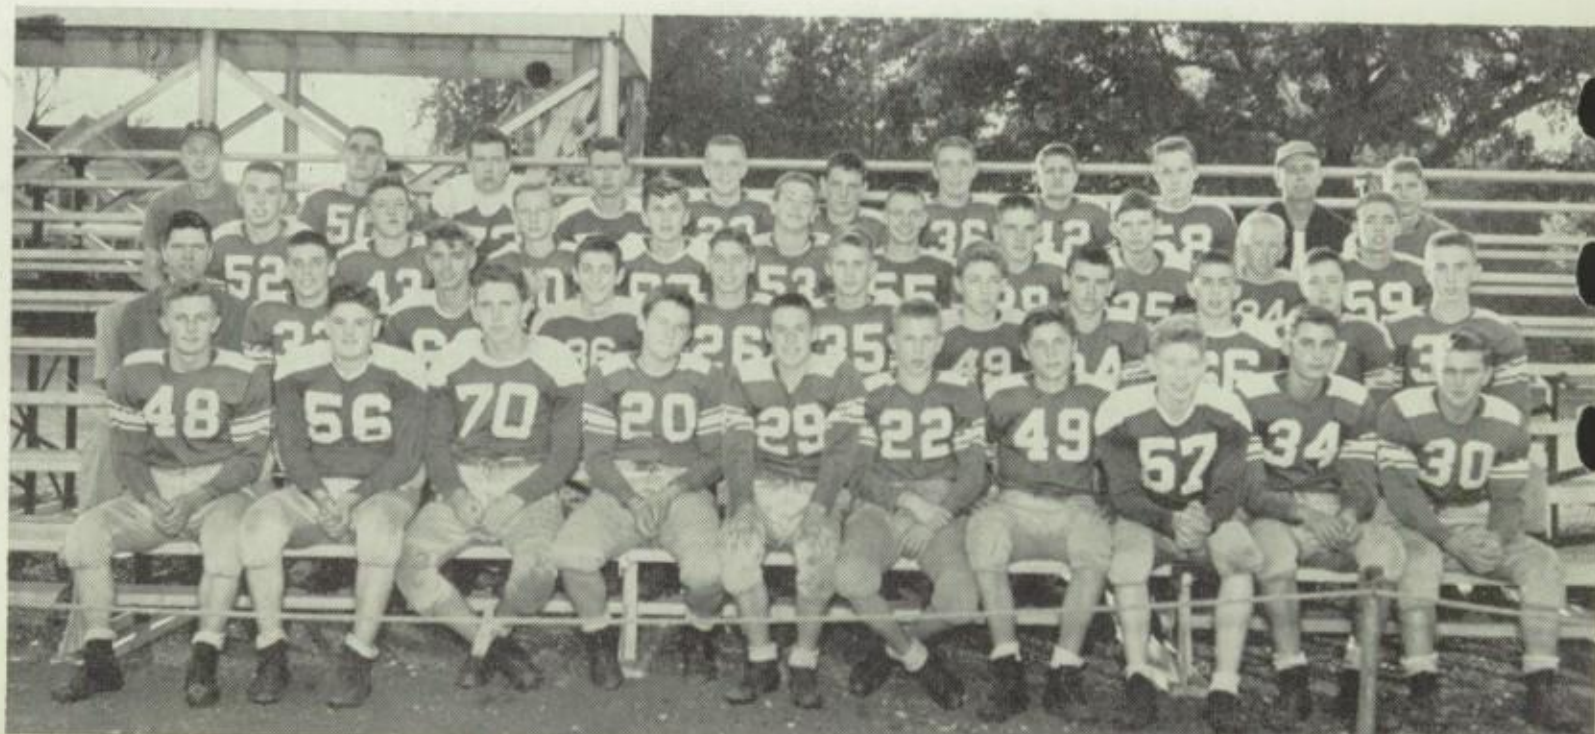

column from 1952. In a Saturday afternoon game, played in a very cold wind at Sheboygan Central, the Indians tied the Redmen, 0-0. The traditional season windup was held at Fond du Lac this year, and the team bowed out in grand style, playing their best game of the year. However, the best wasn't quite good enough and the Indians rang down the curtain to the tune of a 21-24 defeat.

As the old proverb says, "tomorrow's another day", and 1954 is another year so we'll all look forward to it with hopes of a much better football season.

2: LaRose, Genal, Gauger, Thomas, Radke, Barnard, Swanson

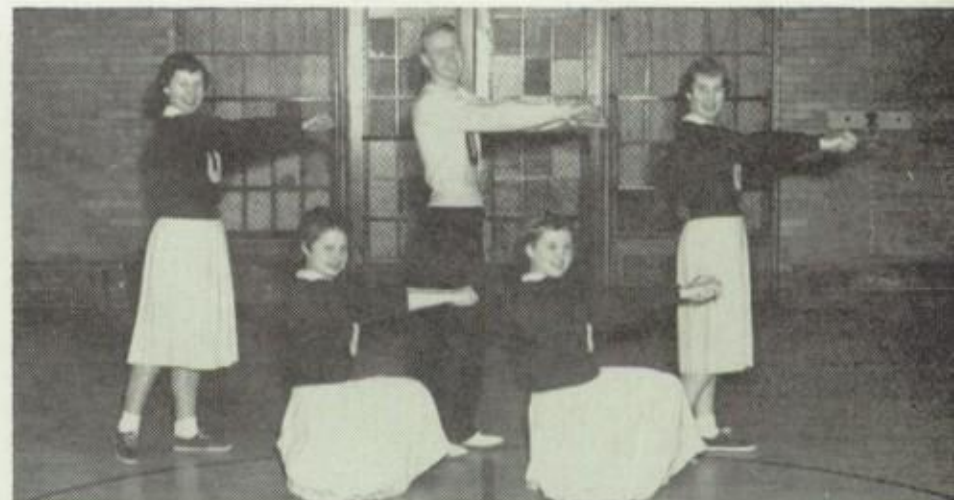

"It was a year of determination, with games won by a few points and games lost by a few points". (Coach Ronnie Nord)

Certainly, no statement could better summarize the 1954 basketball season at O.H.S., for it was sheer determination on the part of the team that provided many of the thrills and close wins of the season. Take for example that double overtime win from Manitowoc, and those two stirring victories over the perennially potent Sheboygan Central Redmen.

Just looking at the record though, 1954 doesn't appear as too spectacular a season as far as the Indians were concerned. They compiled a won and lost record of eight and six in conference play, all six losses coming in the second half of the season by a total of less than twenty points. However, the fellows showed that they had what it takes to make a champion when the W.I.A.A. tournament came along. In tournament play the Indians knocked off the teams rated number one and three in the state—Waukesha and Kimberly. This was in addition to gaining that revenge that is so sweet by defeating Green Bay East in a very oddly played game. The only team to defeat the Indians along the tourney trail was the ultimate state champs — Stevens Point.

Yes, it was a great season accomplished by a great bunch of guys. Congratulations, Oshkosh Indians.

TRACK

The 1953 track season was another of "those years" . . . the team won the laurel wreath on only one occasion. However, the fellows worked hard and for several it paid off in a trip to the state meet at Madison. 1954 seems to have started where 1953 left off. In the first three meets, the thinclads have annexed only one win, that coming over Ripon. However, several fellows have done outstanding work and are a cinch to reach the state finals.

TENNIS

- 1: Steiger, Harrington, Davis, Krueger
- 2: Haebig, Privoznik, Gehrke, Wheeler, Timm, Reed, Hough

GOLF

BASEBALL — VARSITY

- 1: Miller, Swanson, Parker, Peppler, Gauger, Tyrriver, Berrell, Radke, Fuhs, Kintopf
- 2: Bouras, Teteak, Price, Thomas, Koplitz, Putzer, Manthei, Kaufman, Hawley, Clark, Hoeft, Quandt

BASEBALL

1953 was a year to be proud of as far as baseball at O.H.S. was concerned for the Indians finished the season in a tie for first place with Manitowoc. Weather has played havoc with the schedule so far this season and the batsmen have only four games under their belts. In one double-header they knocked off Manitowoc twice, and they split the other twin bill with Sheboygan Central. Most of the regulars have one or more years of experience behind them so, if they get a break from the weatherman, the team should wind up very near the top of the heap.

TENNIS

It was about a fifty-fifty season for the O.H.S. racquet men in '53. In the Conference meet Oshkosh finished fifth — only one-half point out of third place. It might be called a "hard luck season" since several matches were lost by a margin of only a few points. Thus far in '54 the boys have dopped a match to Ripon and have won one from Sheboygan North.

GOLF

The year 1953 was very successful as far as our linksmen were concerned. They won six dual matches while dropping only one. In triangular and quadrangular play they copped one first place and two seconds. To date, the Indians have dropped three matches — Green Bay Catholic Central, Manitowoc, and Fond du Lac (by only one point). On the other hand, they have won from Green Bay West and Waupaca. Coach Nord feels that the team is coming right along and by state meet time the "drive and putt" men should be able to give a good account of themselves.

JUNIOR VARSITY
